

Favorite Things

Gift Swap

Sharing our favorite things is a great way to give gifts others will enjoy and may not know about. There are multiple ways to do this fun gift swap. Here are a few ideas.

OPTION 1: Have everyone chose one of their favorite things. You may want to set a price limit, such as under \$5. Have each person bring enough of their favorite thing to have for one for everyone. This way everyone leaves with one of each other person's favorite thing. You may want to label stockings or bags to make distributing them easier.

OPTION 2: Have everyone fill a bag or stocking with some of their favorite things. You should tell everyone how many items to include and you may want to set a price limit. This way everyone feels it's fair. Exchange stockings/bags at the party.

OPTION 3-Have everyone bring one favorite thing wrapped. Again, I suggest a price limit. Exchange the gifts.
